

## On This Side Of The Sun

By Mrs. G.  
Pinch-Hitting For Phat

**TAKING OVER**—Phat suffered a calamity this week. The "I" key on his typewriter broke. Naturally, he couldn't write his column so I have to take over. . . . First, I want to warn Mr. Barkow to dig a good foxhole. That article he wrote about Phat! It was all right as far as it went but Mr. B. left out two of the most important items in Phat's life. The one that is now in the army and the one that is now in the navy. . . . Photo-Gopher Partridge had better run for cover too. That picture of Phat, it looked like he was going on a trip. Frank should have unpacked those bags under Phat's eyes before submitting that photo.

**MUSIC**—At least, it was more cheerful around the house last Saturday. "I Walk Alone" and "It Could Happen to You" were both back on the Hit Parade and I had to listen to a lot of comment about hot picks. . . . Such as "In the past three months 'I'll Be Seeing You,' which I picked in June, has been No. 1 with but two exceptions. That was when 'Amor' was there. I picked that too." . . . You know how it is, girls, you just grit your teeth and agree. . . . But the way things are on the radio these days, I think I'll have to make Phat stop listening to the programs. He might want to grow up to be a mule.

**WEATHER**—Phat's very superstitious. If he puts his shirt on backwards he'll leave it that way all day. It's bad luck to change. He quit wearing a hat because it's bad luck to throw a hat on a bed. So he says you must never comment on the nice weather. If you do, it'll turn bad next day. But I walk under ladders, step on cracks in the sidewalk and break mirrors with impunity. So I can comment on the weather. Fall must be near. Last Friday the maximum in Palm Springs was less than 100 degrees for the first time since July 9. On that day it was 99, same last Friday. . . . The weather man played a mean trick on a lot of people who had a gay time over the three-day Labor Day holiday. It was 114 on Tuesday. As if they didn't feel bad enough.

**THE VILLAGE**—This gossip is hearsay—just the old boy's comments. Johnny DeVine and Judge Guy Pinney had a high time on their birthdays last weekend. They celebrated at Idyllwild. . . . Even the plans of the Planning commission go awry. Charles Burket thought they planned to meet Tuesday and made the long trip up from Laguna to attend. The meeting was on Wednesday. . . . Walter Z. Allen is figuring on another vacation. He was so busy on his regular vacation that he says it will be October 15 before he is thoroughly rested. . . . People who saw a notice at a local hotel that the "dinning" room would open Oct. 1 jumped to the conclusion that Stan Kenton's band was going to play there.

**THIS AND THAT**—For three weeks Phat has been trying to think up a gag to go with a pair of headlines he saw in the papers. One was that Tojo had lost his face and that Hitler was losing his pants. He just couldn't clean it up for comment. How about saying the Allies are playing both ends against the middle? . . . It has always seemed peculiar to . . . (Please Turn to Page 5)

## Village to Go Western With Parade on Oct. 15 As Climax to Big Week

Old West week will usher in the 1944-45 season in Palm Springs from Oct. 8 to Oct. 15 with a gigantic Western parade to be followed by a Gymkhana at the Field Club to climax the week on the latter date.

This was assured this week when city council granted the Los Compadres club, sponsors of the event, a permit for a parade through city streets on October 15.

### BIG WEEK PLANNED

President Herschel Moseley of the Los Compadres and Secretary Walter Kofeldt of the Chamber of Commerce appeared before city council Wednesday night to present the matter. Moseley told of plans for a week when the old western atmosphere of the Village will be revived with western outfits the dominant style. On the last day of the week, October 15, a parade is planned starting at Rogers ranch

and proceeding down Palm Canyon drive and thence to the Field Club where a Gymkhana will wind up the event.

He asked for a permit to stage the parade.

### PERMIT IS GRANTED

Secretary Kofeldt supported Moseley in his request and said that the event would serve as great publicity for the Village and go far toward restoring one of Palm Springs' greatest assets, something different and distinctive.

Councilman Clarence Hyde moved that the permit be granted. He was seconded by Councilman Maurice McCann and the vote was unanimous.

## Memorial Planned By Legion

Herpes of Two  
World Wars to  
Be Remembered

Preliminary discussion of plans for a permanent Memorial to the Villagers who fought in World War I and II was held Tuesday night when members of Owen B. Coffman post, American Legion, met at the Dugout in monthly session.

Commander Gordon Feekings is expected to name a committee to go into the matter thoroughly within a few days. Nature of the Memorial and all details will be handled by this committee.

### WILL BE HONORED

So far, the proposal is still in preliminary discussion stages and the form the Memorial is to take has not been discussed. The post, however, plans to proceed with the plan and the men and women of Palm Springs who took part in the World Wars in uniform, will be appropriately remembered and honored.

Members of the Post also discussed plans for the formal installation of new officers who were elected at the beginning of summer and who are now serving the post.

### PLAN INSTALLATION

The installation ceremonies will be held in October, exact date and site not yet decided.

Discussion of plans for an active season here also marked Tuesday night's meeting. The local post has received a Blue flag from district leaders for its success in increasing its membership 150 per cent in the past year.

A season full of activity is planned.

## Another Villager Wounded

Another Villager was added to the casualty lists this week when word was received that Robert S. Saubel, whose father is Christopher P. Saubel, resident on the reservation, has been wounded in action.

The youth is a corporal in the United States Marine Corps. No details as to date or theater of operations where Cpl. Saubel was wounded, were given by the Navy department which listed him among the casualties Tuesday.

Mr. and Mrs. Charles C. Henderson have returned from a few weeks spent at Idyllwild on summer vacation.

## P. O. Will Go Into New Home Soon

Given Possession  
of Quarters At  
Plaza And Indian

The post office department is in no way involved in any legal action over its new site at Indian avenue and the Plaza, and expects to move into its new location some time between October 1 and November 1.

The local post office is now in possession of the quarters, the Plaza company of which Robert Ransom is local manager, having turned over the keys to Postmaster R. M. Gorham on Sept. 1.

### NOTICE POSTED

A notice posted on the door is to the effect that the room is under lease to the Post Office department and that no one is permitted to enter without authorization of Postmaster Gorham.

The Desert Furniture company, Mr. and Mrs. Ed Waskow, proprietors, had occupied the building, their lease expiring August 31. They claimed, however, that they had an option to renew the lease and through their attorney, Saul Ruskin, filed suit August 22 in superior court at Riverside to retain possession until the courts had an opportunity to decide the question.

### CONTENTS MOVED

However, contents of the room were moved out and possession taken at the expiration of the lease.

Mr. Gorham, who emphasized that the post office was in no way concerned other than they had leased the quarters from the Plaza company, said new equipment is arriving for the new post office and that it will be enlarged sufficiently to meet the rapidly growing needs of Palm Springs.

A lobby, 75 feet by 17½ feet will be provided, two new service windows will be added, and the new lay-out planned to give the utmost in efficient service to the public.

### STAFF DOUBLED

Mr. Gorham said that the staff of regular clerks at the post office had been doubled thus providing fully experienced help for Villagers.

"And I would like to add my old reminder to the people of Palm Springs—tell your correspondents to address your mail correctly. That's one of the biggest aids to prompt, efficient mail service."

## Financial Report For Year Presented For Council Study

Summary of financial transactions from July 1, 1943, to June 30, 1944, was presented to city council by City Clerk Louise McCann Wednesday.

It showed that total receipts for the year were \$141,895.78 from all sources, and that expenditures were \$134,710.49.

The balance as of June 30, 1944 to operate the city until tax moneys come in in December and for funds established for replacements, was \$74,411.28.

## Make a Date With Yourself to Have License Checked

City council was notified by the state department of motor vehicles that drivers' license examiners would be at the Chamber of Commerce building from 12 noon to 6 p. m. Thursday, Sept. 21, and from 8 a. m. to 1 p. m. Friday, Sept. 22, to examine local autoists whose drivers' licenses had expired or were about to.

In connection with the notification, Chief of Police Lyle J. Sanard urged all Villagers to look at their licenses and if they had expired or would expire within 90 days, to have them renewed when the state examiners are here.

## Move to Drop Field Club Purchase Rejected, 4 to 3

**ANNIVERSARY**—Many world problems have been settled in Palm Springs in the past year by the Global Gab, an organization of soldiers, stationed here, and civilians which meets once a week to talk things over. Above, a session of Global Gab on the first anniversary of its founding by the USO. The idea has been widely copied in other communities.

## Don't Neglect A Book Cover Or Tire Record

Be sure you fill in ALL of the blanks in that application for a new "A" gasoline ration.

Also, be sure that you include your old tire inspection slip.

Otherwise, the clerks at the Palm Springs War Price and Ration board will be obliged to return your application.

### SEVERAL FORGOT

William A. Lippman, chairman of the board, this week said that several forgot to include their tire inspection slips and that more failed to write in their speedometer mileage reading.

Despite repeated instructions, several also failed to include the covers of their old "A" books.

### ALL NECESSARY

Mr. Lippman declared that all of these things are necessary to obtain a new "A" ration card, the first coupon of which will not be valid until Sept. 22.

While there have been some volunteers to aid the board in processing the applications, Mr. Lippman said Wednesday that the board could use more help. He asked that any who find the time to help in this important work, volunteer at the ration board office, 622 North Palm Canyon drive.

Distribution of the new books will be entirely by mail.

## Better Bus Service For City Nears

Possible relief for the jammed transportation problem was seen this week by R. R. Dunlap, Pacific Greyhound agent here, who said plans are being discussed for a Palm Springs local bus by Greyhound traffic managers.

Under the proposed plan, the Village would be the end of the line for one round-trip schedule per day. One bus would leave Los Angeles in the morning and make the run to Palm Springs arriving shortly before noon. The bus would lay over here until afternoon for the return trip to Los Angeles.

With Palm Springs the start of the run to Los Angeles, travellers from the local depot in the Plaza would be assured seats, something which has been a rarity lately on through busses from points east.

"They can't put that schedule into effect too soon to suit me," said Dunlap.

## Global Gab Celebrates Birthday

Global Gab, the weekly discussion group that was started here as a USO activity and then continued under soldier leadership, celebrated its first anniversary at its meeting last Tuesday night at the Chamber of Commerce, 310 N. Palm Canyon Drive.

By a fitting coincidence, there was a surprise visitor at the meeting. She was Mrs. Eloise Hirt, who founded the group a year ago while she was the directress of the USO which was then quartered at the home of Joseph M. Schenck on Tamarisk Road. Mrs. Hirt, who is now program director of the USO club in Phoenix, Ariz., happened to be passing through town on her way to Los Angeles.

The subject of the anniversary meeting was "Should the Politician . . ."

## First Patients From Burma Front Arrive

Torney's patient roster was increased by another group from overseas this week when four enlisted men from the China-Burma-India theater and one from Oran arrived by plane from Florida after being flown across the Atlantic.

The group includes Tec/5 Charles L. Munox, QMC, of Fillmore, California, now assigned to D-5 who was severely injured when struck by steel from an exploding steam boiler at Oran in June; Sgt. George P. Hobson, AC, of Los Angeles, who early this week saw his fifteen-month-old son, George, Jr., for the first time; Tec/4 Kenneth E. Fehr, of Santa Monica, who, with the distinction of being the youngest grandfather to have been hospitalized at Torney, is anticipating the first meeting with his infant grand-daughter; Sgt. Earl J. Fries, AC, of Fresno, Calif., and Tec/4 James W. Gordon of Nevada, who served with Merrill's Marauders.

From the ward which they share on B-1, the CBI men, all of whom have seen months of the toughest going encountered in any theater, declare "Torney is treating us swell—wonderful food, wonderful beds, and a great staff of medical officers and enlisted men."

All they want just now is a chance to see their families and plenty of rest, broken only by an occasional game of pinochle.

## Blocked Paths May Mean No Mail For You

Postmaster R. M. Gorham called for the cooperation of Village residents served by mail carriers in automobiles in the residential areas.

"Do not park your cars in such a manner that they interfere with the carriers in delivering your mail," he said. "Carriers are not required to leave their cars when delivering mail to mail boxes in front of residences except when they have parcels which are delivered to the houses."

### KEEP 'EM CLEAR

"Regulations provide that the drive to the boxes must be kept clear and the boxes so placed that mail be deposited in them without the necessity of the carrier leaving the car."

"When parked cars bar the path of the carrier, he will not be able to deposit the mail in the box."

"Our carriers are instructed to be courteous and consistent in this matter, particularly during the summer months but it will soon be necessary for them to conform to regulations strictly in order to maintain schedules."

### WATCH PARKING

"In view of this you are urged not to park your cars before mail boxes and to caution your guests who may do so."

"For the benefit of new residents here, mail is not picked up from boxes by carriers in residential sections unless they have mail for delivery to that box."

## Acquisition Plan Wins First Test

Council Defeats  
Motion to Abandon  
Sale Negotiations

The city's proposal to purchase the Field Club property, negotiations for which are now under way, ran into its first test of strength Wednesday evening and proponents of the plan emerged victorious by a four to three vote.

Action followed a statement by the special committee, named a few weeks ago to study ways and means of acquiring the property, that its report was not yet completed.

### ADAMS OBJECTS

Councilman Charles B. Adams interposed an objection.

"I think we should do something (on the proposal) now," he said. "We're continuing to spend money there. I am in favor of turning the property back to the Field Club stockholders."

"There are many things we need far more than we do the Field Club. We need a new jail for women, for instance. Now we have to pay the cost of their transportation to Riverside and back again for trial."

Councilman Armand Turronet backed Councilman Adams in his protest.

"I can't see buying the Field . . ."

## Dry V-Day In Prospect For Village

Palm Springs, in company with the rest of southern California, will probably observe V-Day, the day Germany capitulates, without the stimulus of liquor.

Chief of Police Lyle J. Sanard said that he will work with the state board of equalization in this measure. The state board has suggested to all sellers of liquor, bars, liquor stores, cafes, restaurants and markets, that they suspend sales the moment word is received of Germany's surrender.

### VOLUNTARY MATTER

While closing will be a voluntary matter on the part of liquor licensees, it is believed that all will wish to cooperate if called upon.

## School Children To Aid In Collection of Scrap Paper Again This Season

Children of the schools in the Desert School district will this year again play a big part in the drive to collect salvaged paper, Miss Katherine Finchy, district superintendent, said Wednesday.

Last year the school children operated a paper baler at the school and also baled paper for the drive for residents who had accumulated great stacks of waste paper.

### NEW CORRAL IN USE

The new paper corral back of the ball park is now in use. Big signs have been erected from Indian avenue entrance to the park and, according to Walter Illick, salvage chairman, "you can't miss it."

The corral has already been visited by several Villagers who

have saved waste paper and Chairman Illick issued an appeal to others to bring in their waste paper.

### NEED IS GREAT

"The need is greater than ever," he said. "There's a real paper shortage."

With the establishment of the new corral and the opening of school only a few days off, impetus to the waste paper drive, dormant for the summer weeks, is expected.

"A good name is rather to be chosen than great riches, and loving favour rather than silver and gold." This verse from Proverbs will be the Golden Text in the Sunday Lesson-Sermon on "Substance" in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston.  
In Proverbs, Solomon writes, "Doth not wisdom cry? and understanding put forth her voice? . . . I lead in the way of righteousness, in the midst of the paths of judgment: That I may cause those that love me to inherit substance; and I will fill their treasures." Paul reminded the Corinthians that "Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him."  
Mary Baker Eddy says in "Science and Health with Key to the Scriptures": "In Christian Science, substance is understood to be Spirit, while the opponents of Christian Science believe substance to be matter." "Christianity causes men to turn naturally from matter to Spirit, as the flower turns from darkness to light. Man then appropriates those things which 'eye hath not seen nor ear heard.'"

It will be the final of the "supply" series of speakers.  
On Sunday, Sept. 17, Dr. J. R. Macartney, pastor, will be back in the Village and full services, on the winter schedule, will prevail.

Dr. Macartney is at present at Forest Home, in Mill Creek canyon, and expects to be back in the Village next week.  
During the summer he attended the sessions of the General Assembly of Presbyterian churches at Chicago and also spent some time in the mid-west visiting his former parishes and also in the northwest.

## 'Gordon's' to Open For Second Season Here On Sept. 11

Gordon Feekings, well known Villager, prominent in civic affairs and equally prominent as a restaurateur, said that his well known cafe, "Gordon's" at 126 South Palm Canyon drive, next to the Plaza theater, would start its second season in the Village on Sept. 11.

### EFFICIENT STAFF

Mr. Feekings has been busy the last month lining up an expert staff of waitresses to serve his numerous patrons and in rounding out the remainder of his efficient staff.  
Gordon's will be open daily from 8 a. m. to midnight this year. Mr. Feekings said that a larger variety will be offered the public this year and a new a la carte dinner has been added to the menu.

The conference will be held Sept. 7, 8 and 9 and may develop into a long-drawn controversy over federal and state rights.

### Former State Guard Official In Custody

Daniel M. Johnson, 50, former State Guard captain, known to several Villagers during the old Guard set-up, was in custody at Sacramento pending investigation of charges that he falsified public records resulting from a \$4200 shortage in State Guard funds while he was paymaster in Riverside, Orange and San Diego counties in 1942 and 1943.

Mr. Chaffey has been licensed to engage in the real estate business in Palm Springs for more than 20 years. In recent years, however, he has not been active as a realtor because of other business interests.

## \$28,571 Given By State to Support Desert District

State support for the Desert Elementary school district totaled \$28,571 for 1943-44, based on average daily attendance of 460 pupils. In 1932-33, the year immediately preceding the transfer of county school support to the state, the state provided \$4,337 for 141 average daily attendance for the district, California Taxpayers' association stated today, analyzing the trend of state aid for public schools in California.

In Riverside county, state support for the elementary school districts for 1943-44 totaled \$895,685 for 13,495 elementary pupils in average daily attendance. In 1932-33 state support for the elementary school districts in the county totaled \$354,520 for 11,723 pupils in average daily attendance, the association found. Torney General Hospital's baseball team won two games last week as the Palm Springs Softball League reached the end of its schedule but could not quite make the grade.

They wound up one game behind the Headquarters Blues squadron which went through the 11-game schedule with only one defeat. That one defeat, by the way, was administered by the TGH team.

## Dr. Pfiffner And Family In Village

Dr. and Mrs. Joseph Pfiffner and four children, of Ann Arbor, Mich., are guests of Dr. Pfiffner's sister, Thelma Johnson. Dr. Pfiffner is on the staff of Parke-Davis of Detroit, noted drug firm. He plans to return to Detroit this week while Mrs. Pfiffner and children remain here for the season.

## Health Officials On Tour of Village

Paul Walker, of the county health department, and Beryl O. Heatherton of the Los Angeles health department, were in the Village Wednesday looking over sanitary installations here. It was an unofficial visit and they were shown around by Dr. O. B. McRory, city health officer.

The people in Riverside county will soon have the opportunity to elect Frank Dunbar, San Jacinto Real Estate man and Rancher, to the State Senate. Phil Boyd in the Assembly and Frank Dunbar in the State Senate will give Riverside county the two fine outstanding new state representatives in Sacramento this county needs.—Adv.

## Camp Anza Baseball Team Victor In Tournament Here; Spectacular Play Is Exhibited By Winning Aggregation

Camp Anza's smooth-working baseball team will represent the Southern Security district in the ASF and Overall Army Softball tournament for the Ninth Service Command at Santa Barbara later this month as result of their spectacular exhibition of the game at the Field Club Friday, Saturday and Sunday.

The district play-offs were sponsored by the Torney General Hospital special service branch.

### REMARKABLE DEFENSE

Camp Anza won six of the ten games played—all six in which its team participated—and in setting up this record, established another one—

But one run and four hits were scored by the opposition in the six games. Three of them were no-run, no-hit games. Besides the superb pitching by Anza's hurler, Beslack, the team behind him errored but three times in the six games. Four of their games were perfect.

Beslack hurled at least one shut-out against each of the opposing teams and piled up an amazing number of strike-outs.

### TORNEY ON JOB

Much credit for the smooth manner in which the tournament was conducted goes to the TGH special service personnel and many other individuals who gave time and support.

The city of Palm Springs donated the use of the Field Club for the tournament.

In the ASF tourney, Camp Anza defeated Fort Huachuca of Arizona, 12-1 and 6-0 and won over Camp Irwin, third entry,

## Air Base Bowlers Start Plans for New Winter League

Plans for a GI bowling league were being drawn at the Palm Springs army air base this week and play in the new loop will probably get under way about October 9.

Play will be on the newly resurfaced alleys of the Palm Springs Bowling academy which Ad Allegrini, proprietor, re-opened last Saturday for the new season.

Judge and Mrs. Guy Pinney returned Tuesday from Idyllwild where they spent the last few days of their vacation. The fore part of their vacation was spent in and around Los Angeles.

19-0, Beslack blanking the opposition without a hit.

In the Overall tournament, Anza defeated the Western Defense Command team 6-0, and 2-0, the latter a no-hit game, and Camp Callan 2-0, the latter also a no-hitter.

## Cathedral City

By W. R. HILLERY

Alaska—excuse please. The war grip on the far North is loosening. I would rather say the far North for Whitehorse and Dawson are not in Alaska but in the Yukon Territory of our Canadian friends. A letter from my conductor brother who has been with the White Pass and Yukon Route for many years, was most interesting to me. Rumors that the Army may return the road to its owners. Prospects of employees getting leaves long enough to come south for the first time since the war moved to the Aleutians.

Walter Kofeldt will be interested to know that Dewey Metzdorf, who, with associates, purchased a Palm Springs hotel, and will no doubt, lead a group of the north people to Palm Springs and the desert this winter.—One who is well known to me is E. A. Rasmussen, president of the Bank of Alaska chain. Give 'em dates and grapefruit, not bacon and beans, while they are here.

From now on we will be naming the Cathedralites who are coming home again.

This past week, Mr. and Mrs. George Adams back to reopen their court after the summer at their Florence, Oregon, court.

George W. and Mrs. Tarr are again at their desert home.

Prof. James W. Kyle and Mrs. Kyle are due soon, he with a

pocket full of plans for the village library.

W. L. and Mrs. Jordan are likewise preparing to come from Balboa to reopen their Desert Villa apartments and his real estate office.

This week, the Greeners, who lately bought the C. W. Larrison home, were out to check up on their new home.

Dr. and Mrs. M. E. Harvey spent the weekend inspecting renovations of their rental property and while here, they entertained their local friends.

Last week I plugged for the art exhibit at Idyllwild but guessed at only Agnes Pelton and Kurt Reinman as exhibitors.—Thanks to a general item in The Desert Sun, I want to note in this column that Jas. K. Wolseth and Christina Lillian likewise were in the list and while we can't claim Helen Peckwise as one of our village, we claim her as a neighbor at Thomas Mountain where she has a summer studio near that of Agnes Pelton.

Mr. and Mrs. Frank L. Green who have been coming each season to our desert and "just looking around," decided this week to buy the Juanita Tennis cottage which I was able to arrange and I feel we are fortunate

## Frances S. Stevens School Registers Will Open Monday

Miss Katherine Finchy, superintendent of the Desert School district, today announced that registration for the new term for pupils going to Frances S. Stevens school would start on Monday, Sept. 11 and continue through Friday.

Parents were urged to bring their children to the school house between the hours of 9 a. m. and 12 noon next week to register for the opening of the school term on Sept. 18.

Parents of children who are just starting school were asked to bring birth certificates of their youngsters or other proof of the children's age. Children who have been attending school before were told to bring transfer certificates or report cards.

Registration at the other schools in the district—Nellie N. Coffman, Cahuilla and Cathedral City will take place on the first day of school, a week from Monday.

## Joshua Tree Studio To Open in New Location Sept. 18

Mrs. Hetty Dudley of the Joshua Tree studio announced today that her popular gift shop would re-open for the new season on Sept. 18 in a new location at No. 13, The Plaza.

The Joshua Tree studio heretofore has been located at 186 South Palm Canyon drive.

The studio will feature Winfield Pottery and many new items this coming season.

In having this fine couple join our community.

The Greenes have a son, Edward W., on special detail after service in the southwest Pacific, followed by ten months in a hospital. Their daughter, Miss Dorothy G. Greene is employed with the Los Angeles school board.

Both the daughter and son are looking forward to the day they can come to the desert.

Mrs. Joy Reaume who so recently was widowed by the loss of her husband in action in Italy, is due back in the village after a visit with relatives in the east. It was while she was on her visit the sad news came to her. Mrs. Reaume has written her appreciation at receiving a joint letter of condolence from her friends who were in the village at the time.

Oscar Mandinatch, better known as Mandy, who owns houses here and has a plumbing shop in Palm Springs, has been filling very well a much needed service in the community.

### MORE ABOUT . . .

## Field Club . . .

Club," he said. "We need a new city jail, we need a city hall. Right now we haven't a roof over our head. We are leasing, subject to the whims of landlords."

"The Field club is too expensive. We should not be buying luxuries when we need necessities."

### FOR RECREATION

Councilman Turonnet emphasized that he was not opposed to a recreation program and said that the recreation commission was now at work on a plan for a playground closer in than the Field Club.

Negotiations are under way with William Veith, Indian agent, and the Tribal committee, he said, for lease of land at Indian avenue and Ramon road for recreational purposes.

### ASKS FOR VOTE

Following further discussion, Mayor E. E. Theriault asked if Councilman Adams desired to make a motion that the property be turned back to the Field Club and the project abandoned.

Mr. Adams answered in the affirmative and his motion was seconded by Mr. Turonnet.

Mayor Theriault asked City Clerk Louise McCann to take a record vote and the roll-call resulted:

Ayes—Culver Nichols, Adams, Turonnet—3.

Noes—Maurice McCann, Clarence Hyde, Walter Z. Allen, Mayor Theriault—4.

### STUDY PROPOSAL

The Field Club earlier this year proposed that the city buy the property, payments to cover a three-year period. Purchase price is approximately \$38,000.

During the process for negotiations, the city is permitted to continue use of recreational facilities there.

A special committee was named to study ways and means of buying the property and it was this report which is not complete and which precipitated the vote Wednesday night.

The committee is awaiting a full report on the city finances before reporting.

## Torney NCO Club Request Granted Before Presented

When the Non-Commissioned Officers of Torney General Hospital file a request for a permit to hold a dance Sept. 16 at the Palm Springs hotel—they'll get it. And it won't cost them a penny.

The permit was granted in advance by council Wednesday night.

The request came to the attention of council when Miss Margaret Foldes, co-manager of the hotel, asked a permit on behalf of the NCO club which wished to stage a dance in the dining room of the hotel. The affair is strictly a private one and as such, Miss Foldes requested that the fee be waived.

City Attorney Roy Colegate said that the request should come from the organization staging the private dance, itself. Members of the NCO club present asked if a verbal request would do but were told the city ordinance covering the situation, provides for a written request.

Council then voted to grant the request when it was presented.

Mrs. Genevieve R. Manley of Palm Springs, who has been spending the summer on Balboa Island, will return to her home here next week.

Dolly Hertel returned to Palm Springs Monday after a month's vacation spent visiting relatives on the coast.

## Wordens Return With New Material For Jewelry Store

Mr. and Mrs. Walter Worden have returned to Palm Springs from a tour of the east and mid-west which took them as far east as New York city. They spent some time in Kansas City and Topeka, Kansas, while on tour. They were gone for two months and while in the east, did much buying of new stock for their jewelry store at 216 North Palm Canyon drive, which they have re-opened after the summer rest.

## Villager Sentenced to Four Months In Jail At Riverside

Joe William Welmas, 39, manager of a local trailer court, was in Riverside county jail this week, starting a four-month sentence imposed in southern district, Federal court, Los Angeles, as result of a disturbance at the trailer camp last Christmas week.

Welmas, according to booking information on file at the local police court, was accused by Mr. and Mrs. A. G. Gumeat of assault during a quarrel at the recreation hall at the trailer park.

The case was heard in federal court and the four-month jail sentence imposed.

## Passenger Tire Quota Cut Sharply

Tire quotas for passenger automobiles were cut sharply this month for Riverside county, OPA offices announced this week.

Riverside county was allotted 1,806 new grade 1 tires this month compared with 2,122 last month.

The reduction in quotas was general throughout southern California.

No action was taken by council Wednesday on request of Miss Margaret Freeman for permit to conduct a dancing school here. Council placed the letter on file pending further information.

## Dunbar Launches Senate Campaign

Frank Dunbar, San Jacinto rancher, real estate operator and a member of the Hemet Turkey Show Board, also a director in the Forty-sixth district Agricultural Board, this week opened his final campaign with a schedule which will carry him into every city in Riverside county.

"I want to meet the people in every community in Riverside county and talk to them frankly about their problems with State Government," Dunbar said.

I know most of these problems are complex and issues which can only be settled in the Legislature in the State of California. With many of these problems I am already familiar. My thirty-five years residence in Southern California, my seventeen years experience in real estate and ranching, my nine years experience in the breeding and raising of pedigreed live stock, I believe qualifies me to represent all of the people as your Senator from your county, impartially and with true, non-partisan leadership. I want to be your Senator and when I am your Senator, I shall actively, with dignity and aggressiveness, do all in my power to obtain for Riverside county its just and equitable share of the benefits of State Government.

**PERSONAL**—Phat has five big weaknesses—myself, the soldier and sailor, Guy Lombardo and Wire-Hair terriers. You've heard about Oscar. The only time Phat ever was arrested was because of Oscar. Neighbors said he was a nuisance. Oscar, not Phat. He was. This time I'm not sure whether I mean Oscar or Phat. Anyway, Phat's brother-in-law, city attorney of Ontario, and Phat took Oscar to the Vets and had him stripped, bathed and shined up until he looked like a soap advertisement. Then the brother-in-law spent a couple of hours memorizing Senator Vest's well known tribute to a dog to recite to the jury. They really planned a field day in court. Even Oscar was on his good behavior. And then the mean deputy district attorney said that because of a legal technicality, he would ask the judge to dismiss the case. The two men were much disappointed. They even had a newspaper photographer there to take a picture of Oscar on the stand. ... Oscar, figuring he had been in jeopardy once and had another bite coming, nipped the bailiff on the way out.

**IN CONCLUSION**—From personal experience—almost 27 years in one instance and almost 21 in another, I would say that newspapermen and musicians have more fun than people.

P. S.—Phat, having read this, says he'll write next week's column if he has to pencil in every "I". There aren't that many pencils.

John R. E. Chaffey, local realtor, and Francis F. Crocker, superintendent of the Palm Springs district of the California Electric Power company, were in Banning today to attend a meeting of the Kiwanis club there at which the Aerial Tramway was the topic of the speaker.

Mr. Crocker is known as "the Father of the Tramway", having conceived the idea some years ago.

## Special Replacement Fund Established

Ordinance No. 152, creating a fund for capital outlays to be known as a special fund for replacement of motorized vehicles, was passed by council Wednesday night.

It was introduced August 16 by Councilman Walter Z. Allen, chairman of the council's finance committee.

## Views of Council On Flood Control, Highways, Sought

City councilmen were asked by Councilman Culver Nichols Wednesday to give thought to the flood control and highway problems of this area so that he could get a cross-section of local opinion on these two vital postwar projects.

Mr. Nichols is a member of the county committee which is studying a county-wide flood control plan and also a member of the county committee on postwar Freeways.

In order to truly represent the community on both committees, he is seeking the sentiment of Palm Springs in regard to backing the flood control program and also how the Village stands on Freeway locations.

## Two Nearby Fires Quelled; 1000 Men Battle One Blaze

Two fires in the vicinity of Palm Springs were reported during the week. Wednesday there was a brief flare-up in the area south of the Village swept by a 40,000-acre six-day blaze last week. The flames were soon subdued.

A fire on the Morongo Indian reservation near Banning assumed threatening proportions for a while but more than 1000 fire fighters, including 800 men from Camp Haan, were believed to have the blaze under control today.

Plumes of smoke arose from the mountains again yesterday but little danger was reported.

A 6,000-acre grass fire yesterday menaced Elsinore and did hundreds of thousands of dollars worth of damage. The town was saved but the fire is still reported raging in nearby canyons.

## Council Endorses Araby Petition to End Flood Threat

Council Wednesday voted to endorse the petition of residents of the Araby tract to the state highway commission to remove accumulated earth along both sides of Highway 111 in the Araby district to end a possible flood threat when Reg. C. Jones appeared before the board to request action.

Mr. Jones at an earlier meeting had explained to council that in removing dirt washed down by flood waters, the state scrapers had piled the earth alongside of the highway forming a dyke which would back future flood waters into the tract and do possible damage.

No action was taken on the other request of the Araby residents that the city remove growth from the wash or contribute money for its removal until further study was made of the city's liability in event of floods.

City Attorney Roy Colegate explained that there were many legal technicalities involved and that unless the city proceeded cautiously it might be letting itself in for costly litigation.

## Desert Paintings Attract Throngs

More than 700 persons, including many Villagers in the mountains for the Labor Day weekend or concluding their summer vacation in the hills, enjoyed a two-day exhibit of paintings displayed at the Idyllwild Inn Sunday and Monday.

Several desert artists had their paintings on display and there were several desert landscapes among the paintings shown.

## Don Carlos Dance Request Deferred

## Police Business Indicates Summer Season Is Ended

Report of Chief of Police Lyle J. Sanard on police activities during August indicated that the summer lull is nearing an end.

For the first time since last January, the number of arrests turned upwards instead of decreasing. There were 21 arrests in August, all on misdemeanor charges.

## TRAFFIC FIRST

Traffic citations topped the list with 12 facing Judge Guy Pinney for violations. Four were nabbed for intoxication, two for violation of the rooming house laws, one sailor was held for the shore patrol, and one man arrested for the FBI.

Three women were among the 21 arrests and four women left the Village rather than face arrest.

## 72 COMPLAINTS

In all, Chief Sanard reported, 72 complaints were investigated. Two automobiles were stolen, both recovered and one stolen bicycle was recovered. Six petty theft complaints were investigated, one car owner said his auto had been tampered with, one house was broken into, and one prowler was reported.

Police cars travelled 6626 miles during the month.

## Public Recognition of Honesty!

I, "Orange Julius," lost a sum of money in the Coffee Shop.

This money was found and placed in trust with lovely Gladys Denton.

As the finder of this money generously refused any recompensation, I think it is rather fitting to show my appreciation for this good deed.

The finder's name is Mr. L. J. Nichols of the Telephone Company.

Long live honesty. . . Thank you, Nick.

# V Bank of America VET-LOAN PLAN

Every Bankamerican feels a personal obligation to homecoming veterans...and considers it a privilege to serve them.

Many discharged veterans will want to own a home, a farm, or business. To serve such veterans, Bank of America has developed the *Vet-loan Plan*.

*Vet-loan Plan* will be coordinated with the Servicemen's Readjustment Act and will supplement the Government "G.I." Credit Program for Veterans. *Vet-loan Plan* is designed to give each veteran's problem individual attention—to help him get exactly the right loans for his particular needs and his ability to pay. *Vet-loan Plan* will make available to veterans the local and state-wide credit facilities of this banking institution that has grown with and helped build California for over 40 years. *Vet-loan Plan* will be in full operation as soon as the regulations governing the "G.I." Credit Program are issued by the government.

Whether you are in or just out of the service, or have a relative in the armed forces, ask at the neighborhood Bank of America about *Vet-loan Plan*.

## Air Force to Stage Air Farce At Plaza Theatre Saturday; Great Show Is Being Planned By Group

The Plaza Theater will be the locale of an amusing satirical musical stage show called "Air Farce", Saturday, Sept. 16, at 8:30 p. m.

It will be a complete musical revue featuring a cast of over 40 soldiers, Wacs, a 17-piece orchestra, and civilian employees, all of the 21st Ferrying Group from the air field here.

The show will be sponsored by the Officers' Wives club of the field, and will be open to all Villagers, friends and officers and their families. Tickets will be available at the Palm Springs Drug and Import Co., and other shops, and in booths in Lykken's Department store and the Bank of America. The price will be

\$1.25, plus 25 cents tax; total, \$1.50.

### FOR GIs SEPT. 14

The Special Service Department of the field plans a performance on Thursday, Sept. 14, which will be exclusively for enlisted personnel of both the air field and Torney General hospital and their families.

The entire musical score for the show was written by S/Sgt. Hal Borne, with collaborator Cpl. Sid Kuller, doing the script. While in civilian life these two wrote many outstanding hits, including Groucho Marx's last picture. In addition, Pvt. Donald O'Connor, former Universal Picture star, will play one of the leads. There are some terrific chorus numbers, which will stir you, and have you singing under your breath for some time to come.

### SATIRE FEATURED

Satire plays a big part in the show, with many of the skits ridiculing all the established traditions, in typical G. I. manner. "The Army in Reverse" shows Wacs playing G. I. and vice versa, and what each one thinks the other is thinking. "Flying Low," a black-face skit, should be full of laughs, with Pvt. Donald O'Connor and Cpl. Paul Theodore taking an imaginary flight into space. "Grand Motel" is a satire on Palm Springs, with Sgt.

## Postwar Program Presented Council For Consideration

Whether the city will participate in the state's postwar financial aid program will be decided by council at an early meeting following report of City Manager Ray Sorum on the program.

Money was set aside by the state legislature last spring as a matching fund to aid cities and counties with postwar projects.

### \$4969 FOR CITY

Palm Springs was allocated \$3455 for postwar planning and \$1514 for acquisition of sites.

Mr. Sorum explained that the fund was set up by the state to help cities get started on postwar projects and to be eligible to participate, Palm Springs must have a definite postwar plan and match the state funds.

### MUST MATCH FUNDS

If the city outlines and submits a definite postwar project and matches the state's \$4969 with \$4969 of city money, it will be eligible to take part in the program.

Mayor E. E. Theriault asked each councilman to give thought to the proposition and be prepared to make recommendations at an early meeting of the council on any postwar project and whether to join the program.

Harold Buchanan, Jean Buchanan and Pfc. Bill Mehan. "Semi-Private Lives" is a take-off on Noel Coward's "Private Lives," with a "Hellzapoppin" technique. The street cleaning scene is an idyllic number, featuring Cpl. Howard Melander, Pfc. John Morecraft, Pfc. Bill Mehan and Pvt. Dale Haworth. "A Shot in the Arm" is a musical comedy with a hospital background, and reveals some excellent talent in the persons of Pvt. Midge Coviello, Cpl. Dottie Auten and Pfc. Mehan and Morecraft. Romance enters in the musical number "Swingin' in a Hammock", in which Pfc. Mehan and Coviello again come through with some clever singing and dancing. Pfc. Helene Basse, recently returned from the Wac recruiting show in Cincinnati, Ohio, does a number called "So Long, Joe", which will stir your emotions. A night club scene called "Romantic and Hungry" features Pvt. Donald O'Connor and his wife, Gwen.

The entire show is filled with good music, clever dancing and sharp dialogue.

## Cigaretts Haven't Gone Up in Price Is OPA Reminder

Cigaretts may be scarce but you don't have to pay but one penny more per pack for the popular brands than you did in March, 1942, according to L. M. Kearns, OPA price specialist.

Kearns said that increases asked for cigarettes by dealers because of the current shortage, are unauthorized and prices are still frozen at the March, 1942, figure plus one cent to cover the new federal excise tax. One cent will cover the new tax on either one or two pack sales, he said.

Nearby Canyon Is  
Location For Movie  
of Biblican Times

The Rev. H. K. Rasback of the First Lutheran church of Fullerton, California, spent last Sunday in Andreas Canyon with movie apparatus, cast and costumes filming scenes for the third of a series of motion pictures which on completion are used for expounding the gospel to Sunday School pupils.

Make-up men were busy bearding the cast early Sunday and Biblical-type tents were set up. Soon shooting was under way. The sequence filmed was that of Abraham and Isaac going through the wilderness of Beersheba to Jerusalem.

Request was made of the local Chamber of Commerce by long distance telephone and advance arrangements were made by Walter Kofeldt, executive secretary, who met the caravan of amateur movie makers at the Chamber offices at 8:30 Sunday morning and took them on location.

The fact that the picture was made in Palm Springs will be widely publicized in Lutheran church circles.

Winifred Parsons

Winifred Parsons, local real estate broker, returned to Palm Springs this week after a short vacation spent in the mountains and in visiting friends in Los Angeles and vicinity.

She said the desert looks especially good to her and that she was glad to get back.

She will reopen her realty office at 457 North Palm Canyon drive Sept. 18 in anticipation of a busy season.

## Army Band Puts In Big Day At Highly Successful Picnic

First picnic of the band squad-  
ron at the Palm Springs Army  
air base was held Monday, Labor  
Day, at Hemet Lake, and was a  
huge success.

Band members, their wives  
and friends, journeyed to the  
lake early in the day and spent  
the time forgetting music by  
playing baseball, football, pitch-  
ing horseshoes and boating.

The committee in charge was  
deeply appreciative of the dona-  
tions toward the success of the  
event made by Barney's, the Chi  
Chi, Cubana, Del Tahquitz ho-  
tel, Frank's Cafe, Mills Palm  
Springs Liquor store, Pioneer  
Club, Palm Springs Drug and Im-  
port company, Rainbow Room,  
Sam and Leo's Delicatessen store,  
Village Pharmacy, Waikiki and  
Zanzibar.

cal Activity of Labor Unions be

members present. Besides Mrs.  
Hirt, Sgt. William Kelly of Tor-  
ney General Hospital, the chair-  
man of the group, was the only  
member who had been at the  
initial meeting. The first subject,  
he recalled, was "What Shall  
We Do With Italy?"

The club met at Mr. Schenck's  
house, for the first five months of  
its existence. Then, when the  
USO closed, it moved to the  
Fiesta House of the Desert Inn.  
It met there during March, April  
and May, and when the Inn closed  
for the summer, it moved to its  
present quarters in the Cham-  
ber of Commerce, which were  
generously offered by Mr. Walter  
Kofeldt, the secretary of the  
chamber.

Following its policy of electing  
a new leader every three months,  
the group has had four chair-

men, Pfc. Bert Corona, who has  
since been transferred to the  
paratroopers; S/Sgt. Freeman  
Holmer of Torney, Cpl. Ross  
Parmenter of the Army Air Field,  
and Sgt. Kelly, the present in-  
cumbent. During its year of meet-  
ing, the group has discussed prac-  
tically every important question  
facing the world.

The topics that have been dis-  
cussed in the fourteen meetings  
that have been held at the Cham-  
ber gives an inkling of the group's  
scope. There were three meetings  
devoted to Asia, for a night each  
was given to India, China, and  
Japan. Three of the Allies were  
discussed in some detail for a  
night each was given to the Free  
French, Great Britain and Rus-  
sia. Two meetings were given to  
the subject of "What Shall We  
Do With Germany?" Domestic  
politics were discussed in the  
last meeting and at the one deal-  
ing with the platforms of the two  
major parties. Soldiers problems  
were thrashed over at the meet-  
ing on their relations with civil-  
ians and at the discussion of  
why soldiers break down. And  
the future was broached when  
they tackled the question, "Should  
There be Compulsory Military  
Training After the War?" and  
"Should There Be a New League  
of Nations?"

### NO OUTSIDERS

No outsider experts have been  
called in for any of these meet-  
ings. The men and women of the  
group just discuss them out of  
their own information, with one  
of their number arriving each  
week with something especially  
prepared. The group varies in  
size with the interest aroused.  
The record so far at the chamber  
is 36 people. It was established  
at the meeting on India.

The group's influence, however,  
has extended beyond its own  
meetings. It set the pattern for  
Global Gab No. II that Mrs. Hirt  
established a Phoenix; it was a  
stimulus for the founding of the  
group that is now meeting each  
Friday night at Torney, and it  
has also stimulated discussion  
groups at the Army Air Field.

### LONGEST OF ALL

The Palm Springs group has  
the distinction of having sur-  
vived longer than any other dis-  
cussion group started by the USO.  
And it is still going strong. The  
meeting this Tuesday will be on  
"Relations Between Officers and  
Enlisted Personnel," with Cpl.  
Parmenter leading the discussion.  
As always, admission is free,  
there will be refreshments and  
everyone is invited.

### P. M. Swart Back On Public Works Job

P. M. Swart was back at his  
post of assistant director of pub-  
lic works this week after an ill-  
ness that kept him off the job all  
summer.

Mr. Swart was returned to the  
post by city council Wednesday  
on recommendation of City Man-  
ager Ray M. Sorum.

Chester Goff, member of the  
fire department on leave to serve  
with the U. S. Marine Corps, was  
in the Village yesterday on leave  
from Camp Pendleton, near  
Oceanside, to visit with his fam-  
ily here.

## City Attorney to Represent City in Court Next Monday

City Attorney Roy W. Colegate  
will appear in superior court,  
Riverside, Monday morning in  
answer to the injunction suit  
whereby R. N. Buckwalter seeks  
to prevent the city from collect-  
ing a \$6 fee per cigaret vending  
machine installed here.

Buckwalter recently asked the  
injunction and Sept. 11, 10 a. m.,  
was set as the time for prelimi-  
nary steps in the suit.
